PROFESSIONAL EXPERIENCE

Operations and Plant Head, Avi Oilless Die Components India Pvt. Ltd. Pune, April 2021-Present

- Responsible for full plant operations, resource management, production, quality, maintenance, and dispatch.
- Increased sales revenue from ₹14 Cr to ₹31.5 Cr in 4 years by enhancing operational efficiency, delivery timelines, and quality.
- Successfully **implemented ERP system (Deskera)** across departments—ensuring live tracking, planning, and reporting.
- Handled **ISO 9001 and customer audits as Management Representative (MR)** for **5 consecutive years**.
- Developed a team of **multi-skilled operators and employees**, improving flexibility and reducing downtime during absenteeism or shifts.
- Improved **customer satisfaction index from 80% to 96%**, thanks to better delivery adherence and direct customer engagement.
- Practiced **meticulous planning** of materials and production, resulting in higher machine utilization and minimal rework.
- Actively collaborated with cross-functional teams – Design, QA, SCM, and Sales – to meet customer demands and reduce lead time.
- Increased operator **retention rate**, fostering a culture of respect, upskilling, and recognition.
- Ensure compliance with **EHS, statutory, and safety standards**, maintaining a safe and audit-ready workplace.

Production Manager, Avi Oilless Die Components India Pvt. Ltd. Pune, Feb 2019-March 2021

- Led production planning, shift management, and ensured target output with minimum rework and wastage.
- Trained mid-level supervisors on process standardization and team motivation.
- Improved coordination with procurement and logistics for better material availability.
- Tracked and analyzed production KPIs (OEE, downtime, rejection rates) to identify and eliminate bottlenecks.
- Oversaw shift-wise manpower deployment and ensured efficient utilization of labour and machine hours.
- Maintained production documentation such as daily reports, rejection, and rework reports for audits.
- Ensured adherence to **safety standards**, conducted toolbox talks and coordinated with the EHS team.

Production Engineer, Avi Oilless Die Components India Pvt. Ltd., Pune, June 2016-Jan 2019

- Handled machine shop operations, cycle time analysis, and quality inspection.
- Worked on cycle time reduction and tool life improvement projects.
- Assisted in the implementation of 5S and Kaizen across the unit.
- Created daily production reports and coordinated with maintenance for minimal breakdowns.
- Conducted root cause analysis for defects and suggested corrective actions.
- Collaborated with quality control to ensure adherence to **in-process quality standards** and first-piece approvals.
- Ensured all safety rules were followed on the shop floor, including PPE usage and machine safety.
