EXPERIENCE

Project Manager

Logic-Square Technology

01/2022 - 09/2025

- Led cross-functional teams comprising software developers, designers, QA engineers, and business stakeholders to deliver enterprise web applications using Agile Scrum
- Served as the primary point of contact for clients, translating business requirements into actionable project plans and coordinating communication across teams
- Created detailed project plans, project scope, milestones, timelines, resource allocation, dependencies, and delivery roadmaps
- Assigned work, monitored sprint progress, conducted sprint planning, stand-ups, sprint reviews, and retrospectives while ensuring quality and timeline adherence
- Managed project documentation including BRDs, FRDs, RAID logs, release notes, sprint reports, and status reports
- Identified and mitigated risks, scope changes, dependencies, and resource constraints through proactive stakeholder communication
- Continuously improved delivery processes using retrospective insights and Agile metrics
- Worked closely with MERN Stack teams (MongoDB, Express.js, React.js, Node.js) through requirement discussions, sprint planning, testing coordination, and production deployments

PROJECTS

Closewise - FinTech Digital Signing Platform

- Managed end-to-end delivery of an enterprise FinTech platform leading a team of 10-12 members and 3 vendors with $200K-$400K budget
- Achieved 90-95% on-time milestones and 90%+ sprint predictability

Grouped - Fan Community Platform

- Led Agile Scrum delivery, coordinating cross-functional teams and achieving 93-97% on-time releases with improved sprint velocity

Smoothire - Applicant Tracking System

- Managed end-to-end ATS development, collaborating with developers, QA, and stakeholders to automate recruitment workflows and improve hiring efficiency

Stronger Veteran - GovTech Platform

- Delivered GIS-based analytics platform for public-sector stakeholders

Konnect - Peer-to-Peer Car Rental Platform

- Coordinated rapid product delivery, testing cycles, and successful launch

Project Deck

- Led development of a project management platform with collaboration and reporting capabilities

SUMMARY

PMP® Certified Project Manager with 4 years of experience leading end-to-end software delivery across FinTech, HRTech, GovTech, Social Media, and Marketplace products. Experienced in managing cross-functional teams of developers, designers, QA engineers, and vendors while acting as the primary client point of contact. Skilled in Agile/Scrum project execution, project planning, scope management, stakeholder communication, enterprise SaaS delivery, and continuous process improvement
