TECHNICAL SKILLS

Languages: Python, SQL, C, C++, Java
Backend Development: FastAPI, Flask, REST APIs, API Integration, Swagger/OpenAPI
Web Scraping & Automation: Requests, BeautifulSoup, Selenium, Python Automation, Data Collection
Databases: MySQL, MongoDB
Python Libraries: Pandas, NumPy, Matplotlib, Scikit-learn
Tools & Technologies: Git, GitHub, Postman, Docker, Jupyter Notebook, VS Code, Ollama
Additional: Data Structures & Algorithms, Data Processing, Exploratory Data Analysis, Machine Learning

EXPERIENCE

Data Scientist Intern – Rubixe AI Solutions **May 2025 – Nov 2025**

- Developed Python-based data processing and machine learning workflows using Pandas, NumPy, and Scikit-learn.
- Built preprocessing and feature engineering pipelines for structured datasets.
- Automated repetitive data processing and reporting tasks using Python.
- Worked with SQL and data analysis workflows to prepare datasets for predictive modeling.

PROJECTS

Hirevia – Python Job Aggregation Platform
Python • FastAPI • Web Scraping • Ollama • Telegram

- Developed a Python-based job discovery platform integrating multiple sources with automated data collection and processing.
- Implemented job normalization, deduplication, filtering, and relevance-based matching.

Data4Viz – AI Data Analysis Platform
Python • FastAPI • Pandas • NumPy • Scikit-learn

- Developed a Python-based platform for automated data preprocessing, exploratory data analysis, and visualization.
- Built backend workflows for dataset profiling, analysis, and AI-assisted insights.

Vizion – Python Data Analysis Library
Python • Pandas • NumPy • Matplotlib

- Developed a reusable Python library to automate exploratory data analysis and visualization tasks.
- Implemented functions for dataset summaries, missing-value analysis, column-type detection, and outlier analysis.

CERTIFICATIONS

- Certified Data Scientist – NASSCOM
- Data Scientist – IABAC
- Data Scientist Intern – Rubixe AI Solutions
- Data Scientist Trainee Certificate

ACHIEVEMENTS

- **1st Place** – Problem Solving Hackathon, Modern College of Engineering
- **1st Place** – Hackathon, SNBP Spurthi Fest 2K26
