Ankit Choudhary

Sourcing & Vendor Development | NPD | Supply Chain & Operations

Rajpura, Punjab • +91- •

Professional Summary

Supply chain and sourcing professional with 8+ years of experience across vendor development, NPD sourcing, inventory optimization, and cost reduction. Proven results in tooling/lead time reduction, on time delivery improvement, and supplier performance uplift using Oracle SCM/ERP, Power BI, and advanced Excel. Known for aligning design, production, and suppliers to deliver faster, cost effective launches and measurable P&L impact.

Core Skills

Strategic Sourcing • Vendor Development • NPD Gate Reviews • RFQ/RFP • Should Cost/Cost Breakdown • VA/VE • Tooling Standardization • Supplier Scorecards (OTD/OTIF/PPM) • Contract & Terms Negotiation • Lead Time Reduction • Inventory Optimization (MTO, Safety Stock) • Inter Unit Transfers • Oracle SCM/ERP • Power BI • Advanced Excel

Professional Experience

TI Cycles of India — Senior Executive, Sourcing & Vendor Development

Rajpura, Punjab | 2023 – Present

- Led NPD sourcing for bought out components; developed new sources and qualification plans aligned to design, quality, and cost targets.
- Standardized component variants with design; reduced tooling cost and lead time by ~15%.
- Negotiated terms and executed sourcing levers delivering ₹14.52 Cr annualized savings (≈₹1.21 Cr/month, 5%).
- Improved on- time delivery from 62% → 80% by aligning POs to vendor lead times and instituting weekly expediting.
- Adopted Make- to- Order (MTO) with 30- day consumption targets; improved inventory turns from 8 → 12/year in FY24.
- Optimized inter unit stock transfers to consume available stock; avoided fresh purchases of ~₹25.27 Lakh/month.
- Led monthly stock reviews and non-moving stock liquidation (own & supplier end); liquidated ~₹35 Lakh inventory in FY25.
- Implemented supplier scorecards and quarterly reviews; supplier performance & compliance improved from 82% → 89%.

ALPLA India Pvt. Ltd., Silvassa — Executive, Operational Excellence

Silvassa, Dadra & Nagar Haveli | 2022 – 2023

- Leveraged Power BI for data- led replenishment; reduced excess inventory by 11% and improved turns from 8 → 9/year.
- Collaborated with production, planning, and warehouse teams to streamline processes and eliminate waste across value streams.

ALPLA India Pvt. Ltd., Silvassa — Senior Process Engineer
Silvassa, Dadra & Nagar Haveli | 2021 – 2022

- Implemented and managed ERP (AlplaPROD) to enable accurate planning and traceability.
- Analyzed eMIS KPI reports (NEE/OEE/TEEP/Waste Rate/Warehouse Utilization); drove targeted actions for ~8% efficiency improvement.
- Implemented Automated Storage & Retrieval System (ASRS) to improve continuous stock movement and space utilization.
- Streamlined ProLink (IoT with machine HMIs) to capture real time data; reduced unplanned downtime by ~4%.

ALPLA India Pvt. Ltd., Silvassa — Process Engineer
Silvassa, Dadra & Nagar Haveli | 2018 – 2021

- Led daily operations with a team of ~20 junior engineers to meet production and quality targets.
- Eliminated redundant manpower via improved work methods; increased productivity by ~29%.
- Managed mold changeovers and post molding processes ensuring first time right quality and minimal downtime.
- Supported monthly stock takes and served as document controller ensuring Good Documentation Practices (GDP).

ALPLA India Pvt. Ltd., Baddi — Production Trainee
Baddi, Himachal Pradesh | 2016 – 2018

- Operated and supervised Extrusion Blow Molding (SEB & BMU) machines; performed troubleshooting and post molding activities.
- Operated labeling machines (Technoshell, Skanem, Maharishi) and vision inspection cameras (Optomech, Earth Teknics).
